

MEDEVAC Emergency onboard MV Thermopylae.

At 2010 hrs on 02 Sep 23, Maritime Rescue Coordination Center (MRCC), Port Blair received a telephonic message from Malta flagged MV Thermopylae regarding medical emergency onboard in position 96 N miles South-West of Indira Point (Campbell Bay). The patient namely Mr. Magdael Ediberto Pelingnon, age - 56 yrs, Nationality - Filipino was reported with severe abdominal pain and blood in urine (suspect kidney stone). On receipt of the information, ICG Ship Rajdhwaj on area patrol was diverted with best available speed for evacuating the patient. The ICG Ship effected rendezvous with MV off Great Nicobar Island and evacuated the patient safely at 0430 hrs on 03 Sep 23. Further, ICG Ship brought the patient ashore at Campbell Bay and patient was admitted at Primary Health Centre (PHC) Campbell Bay at 0535 hrs on 03 Sep 23 for further medical management.
