Dear Sir,

As you may be aware that India is the global host of World Environment Day celebrations 2018, the largest UN -led celebrations on the environment. The theme of this year edition is "Beat the plastic pollution". In this regard, the Ministry has drawn up several programmes and activities which are being undertaken from May 2018 onwards. On 5th June 2018 which is World Environment Day all the success of activities shall be showcased along with other exhibits and functions at Vigyan Bhawan, New Delhi. Some of the major activities proposed includes cleaning of identified beaches, riverfronts, lakes and hills.

2. In every coastal state there are State Nodal Agencies (list attached) who are the nodal points for implementing the above programme of Ministry. For the purpose of cleaning of above water bodies, the Ministry has identified the beaches and stretches of rivers, lakes, in consultation with SNAs and Institutional heads and college of Fisheries which are located closed by the water bodies in each of the State.

3. The above cleaning programmes shall involve students from various schools and colleges, NGOs and citizens. Since this is one of the major initiative taken by Government of India, I will be grateful if your organization also joins in above cleaning programmes in the coastal regions of the country.

With regards,

(Dr A SenthilVel)
Adviser

To,

Shri Rajendra Singh, PTM, TM
Director General
Indian Coast Guard
Coast Guard Headquarters, New Delhi 10
